

Ultra High Pressure

A Division of FC Cleaning Systems Ltd

Falch Base Jet R5H

Electric powered high pressure static unit for indoor or fixed location work, with 500 maximum pressure at 28 l/min and 100°C hot water. Also available as diesel powered. Fitted with impact resistant plastic hood.

Specification

Pressure	50 - 500 bar
Flow rate	10 – 28 l/min
Boiler output	198 kW
Electric motor supply/output, speed	36 kW/30kW 1460 u/min
Power supply/fuse rating	400V/50 Hz/ 63 A
Pump speed	28 kW/940 u/min
Net weight	800 kg
Dimensions	1450x1270x1420 mm
Sound level	94 db
Hot water	100°C
Water tank	250 l

Safety System

Push button control
Pressure release valve
Safety control for complete system

Standard equipment

30 m high pressure hose
30m water inlet hose on reel
Lance
Spray gun

Benefits

Reduced set up times
Combustion chamber 2x 99kW heating capacity with stainless steel housing designed to permanently prevent rusting of the outer casing
Electric engine with power reserve for 100% continual use and start-up current optimisation to prevent fuses being blown
High quality components reduces maintenance costs
Integrated plastic water tank
Long service life
Fork lift mounted for easy transport
Water filter for consistent clean water quality
