

Ultra High Pressure

A Division of FC Cleaning Systems Ltd

Kärcher HD19/100 De Tr1

Trailer mounted with 3 chamber tank system, up to 1000 bar maximum pressure at 30 l/min. This model has two pumps providing dual operation at 1000 bar and 15 l/min. Unique in the UK- this model is fitted with a soot particle filter as standard.

Specification

Pressure	100 - 1000 bar
Flow rate	30 l/min
Flow rate with twin operation	15 l/min
Diesel engine max.	74 kW

Water tank	200 l
Net weight	1240 kg
Dimensions	4068x1912x2000 mm
Sound level	90 db
Anti freeze system	Yes
Water temp	Cold water

Safety system

Low water control
Protective sound suppressing cover
Steel chassis trailer
Bunded trailer protecting water and fuel tanks, prevents accidental leakage
Engine temperature
Oil pressure
Engine overheat
Emergency stop button
Cover closure sensor for improved operator protection

Standard equipment

20 m high pressure hose
Handle
Spray lance
High pressure gun
Shoulder pad

Benefits

Integrated soot particle filter
Dual pump for twin lance operation
Pressure speed control
Suction valve lifting in idle mode
Reduced set up times
Reduced maintenance costs
Water cooled diesel engine
Long service life
Improved service intervals
Low fuel consumption
EU4 engine
